

**VESA mount accessory PV01
compatible to the XS35 series**

Its optional VESA75/100 wallmount allows it to be installed on to walls or just affixed on the rear side of a monitor which is particularly interesting for the industry segment, company buildings and public institutions.

XPC Accessory PV01 – Installation Guide

①

Due to safety reasons, please turn off your computer completely first and unplug it from the power supply.

②

Unscrew one screw of the stand mount and remove the vertical stand.

③

Fasten the VESA MOUNT at rear of LCD monitor with four screws.

④

As shown, install the XS35 in the VESA MOUNT and push it towards the direction as indicated by the red arrow.

⑤

Check that it is properly aligned, then tighten securely with one thumbscrew.
